Hosted by Presbyterian Women in
East Liberty Presbyterian Church

Unnamed Women of the Bible

The women we will hear about were chosen from among the large body of unnamed biblical characters. Each one offers an opportunity to recognize some familiar faces in that great cloud of witnesses. As daughters, mothers, sisters, wives, and church women, we share these roles. We also resonate with those who were different from us, and came to find in their lives and faith, insight for our own.

Join us for this interesting and exciting study.

We will also have a lot of fun and fellowship.

Please bring a snack to share.
