

FALL TERM 2021-2022 OVERVIEW

This plan is for the start of 2021-2022 and is based on our best information about the ways we can be together safely. We fully expect the plan to change as younger students become vaccinated, or if variants pose more of a risk. Please do not register or apply for scholarships this year if your family is not able to switch between in-person and virtual learning.

OF MUSIC AND THE ARTS

- Private lessons *will* be in-person, for all ages. No drop-off / pick-up. A parent/guardian must stay in the lesson room with the student. Maximum of 5 people in each private lesson room at a time (masked siblings are permitted, as long as social distancing can be maintained, and distractions minimized).
- Suzuki strings group lessons will be scheduled by the teaching artists and held in a combination of ways until it is safe to be in-person, in larger groups. Groups will be held via Zoom, in-person in very small groups (2 or 3 students), or in-person outside. The format may change from week to week.
- Dance and Theater classes for *vaccinated students*, 12 and older, will be in-person. There will be designated drop-off / pick-up times and no waiting areas.
- Dance and Theater classes for *unvaccinated students*, under 12, will be virtual, on Zoom.
- Masks and social distancing are mandated in the building, at all times.
